This site ("Site") is operated by eTribez on behalf of Dance Nation Productions, Inc., 19 Entertainment, Inc. and dick clark productions, llc (collectively, "Producer") to gather Online Auditions ("Services") in connection with the television program SO YOU THINK YOU CAN DANCE®.

The Site and the Services (as defined below) are for a general audience and are not targeted to children. Site operators do not knowingly collect personal information from children under 13 years of age.

This Privacy Policy applies to all "users," including both those who use some of the Services without being registered or subscribing to Services and those who have subscribed to one or more Service(s), and/or have registered with the Site to create a profile and/or upload an Online Audition (collectively "User"). This Privacy Policy describes the collection and use of users' personal information (e.g., information that identifies a specific person, such as full name or email address) where that information is not otherwise publicly available on the Services. We also provide information on the Site's Privacy Settings and describe generally the practices for handling non-personally identifiable information (e.g., interests, demographics and site usage) to the extent such information is associated with a particular user or user account.

2. Submission and collection of information on the services

User Submitted Information

Registration Information is the information that Users must provide at registration in order to create a profile, upload an audition video and/or otherwise communicate in connection with the Online Audition(s) (also called an "Account"), such as display name, email address, and date of birth. In each instance of audition, **a contestant must establish an account in her/his own name.**

Third Party Information and Content. If you access the Site or Services through a third-party connection or log-in, your user submitted information may also include your user ID and/or user name associated with that third-party service, any information/content you have permitted the third party to share with the Services, and any information you have made public in connection with that third-party service (collectively, "Third Party Information and Content"). Third Party Information and Content obtained in this manner will be governed by this Privacy Policy.

Site collected Information

Site Activity Information. When users access the Site or Services, certain non-personally identifiable information may be collected by eTribez about those visits. For example, in order to permit your connection to the Site, eTribez servers receive and record information about your computer and browser, including potentially your IP address, browser type, and other software or hardware information. If you access the Site from a mobile or other device, a unique device identifier will be assigned to that device or other transactional information for that device in order to serve content to it. Cookies and other tracking technologies (including browser cookies, pixels, beacons, and Adobe Flash technology including cookies),

which are comprised of small bits of data that often include an anonymous unique identifier, may also be used to identify you and/or request that a parent/legal guardian submit information on your behalf. Websites send this data to your browser when you first request a web page and then store the data on your computer so the website can access information when you make subsequent requests for pages from that site. Acting on behalf of Producer, eTribez may also use cookies and similar tools to relate your use of the Site to personal information obtained from you or a reputable third party

Third parties that support the Site by serving advertisements or providing services, such as allowing users to share content or tracking aggregate site usage statistics, may also use these technologies to collect similar information. We do not control these third-party technologies and their use is governed by the privacy policies of third parties using such technologies. For more information about third-party ad networks that use these technologies, see www.aboutads.info. Most browsers are initially set to accept cookies, but you can change your settings to notify you when a cookie is being set or updated, or to block cookies altogether. Please consult the "Help" section of your browser for more information (e.g., <http://windows.microsoft.com/en-US/windows-vista/Block-or-allowcookies>). Users can manage the use of Flash technologies, including cookies, with the Flash management tools available at Adobe's website, see http://www.adobe.com/products/flashplayer/security/privacy_policy/faq.html. Please note that by blocking any or all cookies you may not have access to certain features or personalization available through the Site.

Third Parties. To improve the quality of the Site, third parties may supplement the information collected as a result of the Services.

3. Notice & Choice

Means of Notice and Choice. This Privacy Policy and your Privacy Settings are the primary means by which you will receive information about collection and use of your personal information. Your personal information will not be used in a manner different from what is described in this Privacy Policy without your permission.

Privacy Policy Changes. Producer and/or eTribez may modify this Privacy Policy as necessary. If any material changes are made that that expand rights to use your personal information, you will receive a notice, and your consent will be requested. In the event the last email address you provided as a result of signing up for the Service is not valid or is not capable of delivering the notice to you, dispatch of an email containing the notice to that e-mail address shall nonetheless constitute effective notice.

Location of Data. The Site is hosted in the United States. If you are a user located outside the United States, you understand and consent to having any personal information you provide transferred to, processed and stored in the United States and other countries where data protection and other privacy laws may not offer the same level of protection as those in your jurisdiction, such as the European Union. This includes the use of cookies and other tracking technologies as described above. As a result, please read this Privacy Policy with care.

Linked Websites or Services. The Services may also be linked to sites or services operated by Producer and/or their affiliates ("Affiliated Companies") or third parties, and they may carry advertisements or offer content, functionality, games, newsletters, contests or sweepstakes or applications developed and maintained by third parties, including the online store. We are not responsible for the privacy practices of

any such third parties, and once you leave the Site via a link, enable a third-party service, or click an advertisement, you should check the applicable privacy policy of the third-party site.

Your information will not be made publicly available through the Service, and will only be visible to individuals at eTribez and Producer (and/or their Affiliated Companies) linked with the Online Audition program. Third Party Information and Content may be publicly available according to the permissions you grant to the Site, the applicable policies of the third party and the terms and conditions and/or terms of use for the Site.

Site's Use and Disclosure of Information Your non-public personal information will only be shared with non-affiliated third parties when eTribez and Producer believe sharing is permitted by you or authorized by this Privacy Policy. To allow third-parties and service providers to assist in providing and managing the Services. eTribez may share your non-public personal information with certain business entities that we work with, for example, in connection with the casting and production of So You Think You Can Dance, such as broadcasters, casting directors, and consultants. We also may make your non-public personal information available to certain third-party service providers, such as contractors, agents, or sponsors, who help manage or provide the Services, for example: developing or supporting products and features; conducting email marketing on behalf of eTribez; or assisting with the administration of the Online Audition program. These third parties and outside service providers are required to protect non-public personal information entrusted to them and not use it for any other purpose than the specific service they are providing to the Services.

There may be instances when eTribez and Producer may disclose user information without providing notice or choice, including situations where there is a good-faith belief that such disclosure is necessary in order to: (i) protect or defend the legal rights or property of eTribez, and Producer, and their Affiliated Companies or their employees, agents and contractors (including enforcement of any agreements); (ii) protect the safety and security of users of the Site or Auditioners of the public; (iii) protect against fraud or for risk management purposes; or (iv) comply with the law or legal process.
